Mission of JIFSAN

The mission of JIFSAN is to support cooperative research and education programs that enhance the safety of our food supply, and to advance new concepts in public health, applied nutrition, and animal health.
Concepts of Operation

- Building partnerships
- Leveraging and sharing resources
- Creating an environment conducive to exchange of ideas
- Developing international cooperation
Partnership Opportunities

- Cooperative research programs
- Undergraduate, graduate, and visiting scholar research programs
- Outreach and educational programs
- Technical training programs
- Forum for international scientific interactions
Research Emphasis Areas

- Microbial Pathogens and Toxins
- Food Constituents and Applied Nutrition
- Animal Health Sciences: Animal Health and Food Safety
- Risk Analysis
- Economics
